

Software Developer

Company Overview

Join Precision MicroDynamics (PMDi) and discover an exciting world of advanced motion control. Help develop software systems and interfaces for unique, state-of-the-art CNC machine tools and robots. Develop technologies for the precision fabrication and assembly of smart phones, tablets, optics, scientific instruments, aerospace sensors, automotive components and semiconductor chips.

PMDi is a believer in having strong core values. Ours include commitment, integrity, truth, and respect in how we operate and what we do. We value a culture that is innovative, creative, and competitive; one that fosters a climate of high team spirit, fun and accomplishment; and one that promotes personal growth and development. We strive to empower our employees to achieve their full potential.

Job Summary

We are seeking a software developer to join our team and help expand and fulfill our product line. The designer should excel and enjoy all things to do with creating software.

If you are a motivated computer scientist or software engineer, please get in touch with us.

Responsibilities

- Work with a cross functional team of software developers, engineers and scientists to design state-of-the-art products.
- Research new technologies and methods and suggest new ways to improve the company's products and processes.
- Support your developed works with documentation and communications to internal and external customers.
- Participate in peer review of designs; provide and receive critique in an effective manner.
- Manage multiple priorities and task simultaneously.

Qualifications

- Post Secondary Degree in Computer Science or Software Engineering.

Skills & Experience

- C#, C++, and C Programming
- .NET or Qt Framework
- Javascript / HTML5 / CSS 3 Development
- Windows and Linux Operating Systems
- Repositories and Revision Control Systems
- Software Testing Techniques
- Networking Protocols TCP/IP and UDP
- Symbolic Debuggers

How to Apply

Please submit your resume and cover letter to careers@pmdi.com with subject line "Software Programmer." Candidates who are qualified to work in Canada will be considered.

Other Info
